

BANDITSAGOR

About us

Performing Arts Group Banditsagor was formed in Malmö, Sweden, in 2008. The group consists of an artistic team of four professional actors as well as one producer. Banditsagor tour regularly, primarily focusing on reaching children ages 3-6 and 6-9.

We have staged, in total, 8 productions, the latest of which – Boom – premiered August this year at the Malmö Festival. The activities of the group have expanded consistently since formation, and the scope has been widened as a result of small steps outside of Skåne.

Banditsagor now perform 130 shows per year on average, reaching approximately 7000 children.

Banditsagor make a point of using simple means in productions, and avoid large backdrops and extensive props, allowing a lot of flexibility and mobility at work.

The desired environment is, instead, reached through singing, music and most importantly the bodies of the actors. With this approach, focus falls on the story and on interaction with the audience, who are encouraged to create their own imaginary universe.
